20' Majestic Mountain Pine
Christmas Tree

Majestic Mountain Pine Christmas Tree

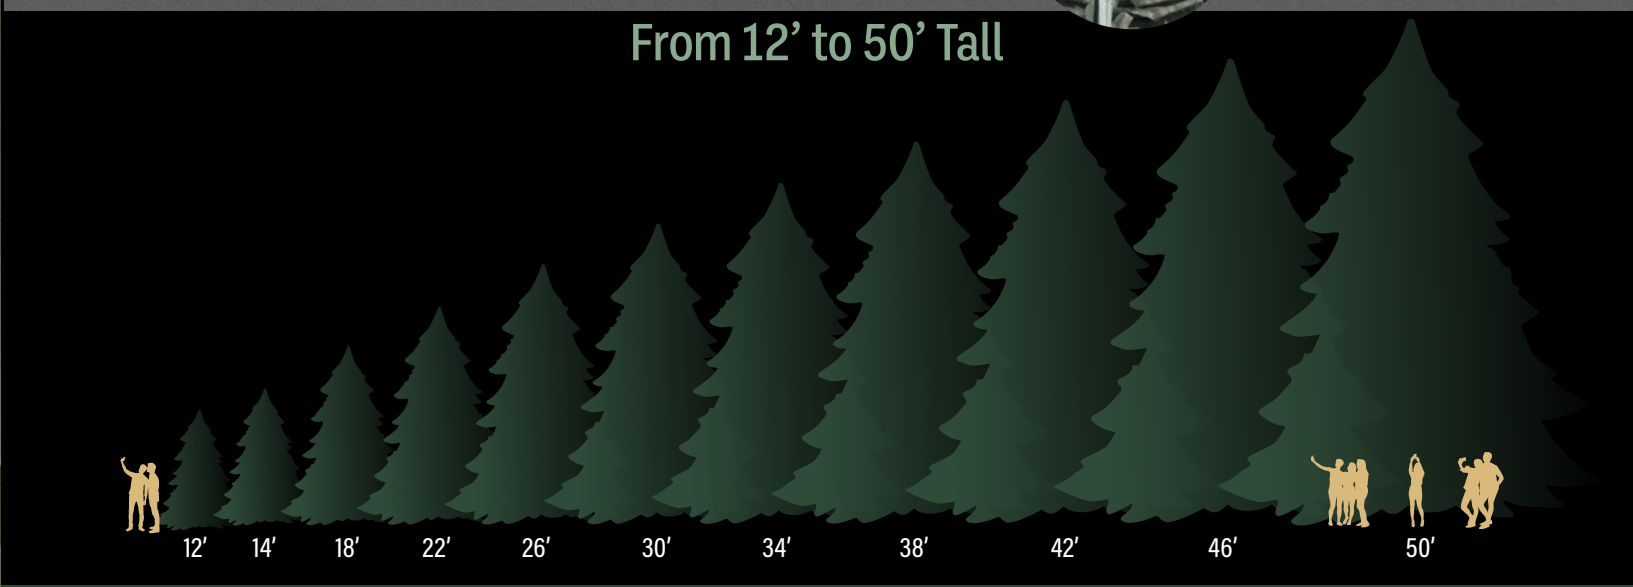

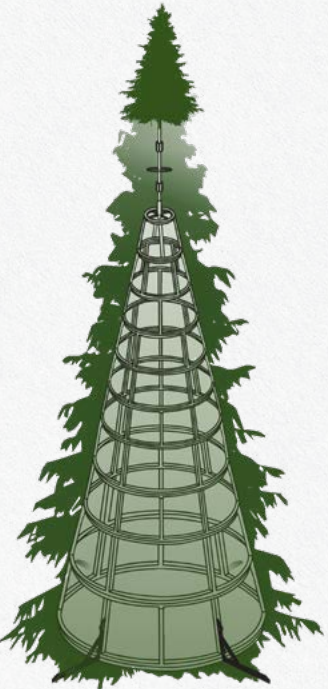

Lifetime Support
Offered on Majestic
Mountain Pine
Christmas Trees

The Majestic Mountain Pine Tree is a proven commercial tower tree designed for high-impact holiday displays, from city parks and shopping centers to hotels, attractions, campuses, and professional installation projects.

With lifelike dimensional branches, UV-resistant foliage, and durable indoor/outdoor construction, this tree delivers a full, natural appearance that looks impressive from every angle. Pre-lit options help simplify installation, while the high-strength steel stacking frame system allows your tree to grow over time in 2' increments.

Offers Beauty
& Wonder
from
Day to Night

- Growable Investment: from 12' to 50'**
Start with a height suitable for your budget, and add 2' sections for future seasons.
- Natural, Full-Branch Appearance**
Dimensional branches attach around the frame for a realistic tree look from every angle.
- Commercial Durability**
UV-resistant foliage, high-strength steel stacking frames, and indoor/outdoor rated materials.
- Compact Off-Season Storage**
Stackable frames make storage easier between seasons.
- * Installation requires lift

Lit with Your Choice of:

Tree Risers

Turn your Base into a Branding Opportunity

For trees up to 50'

- Add 4' height to any tree
- Decorative risers keep your tree off the ground while offering brandable surfaces around the tree

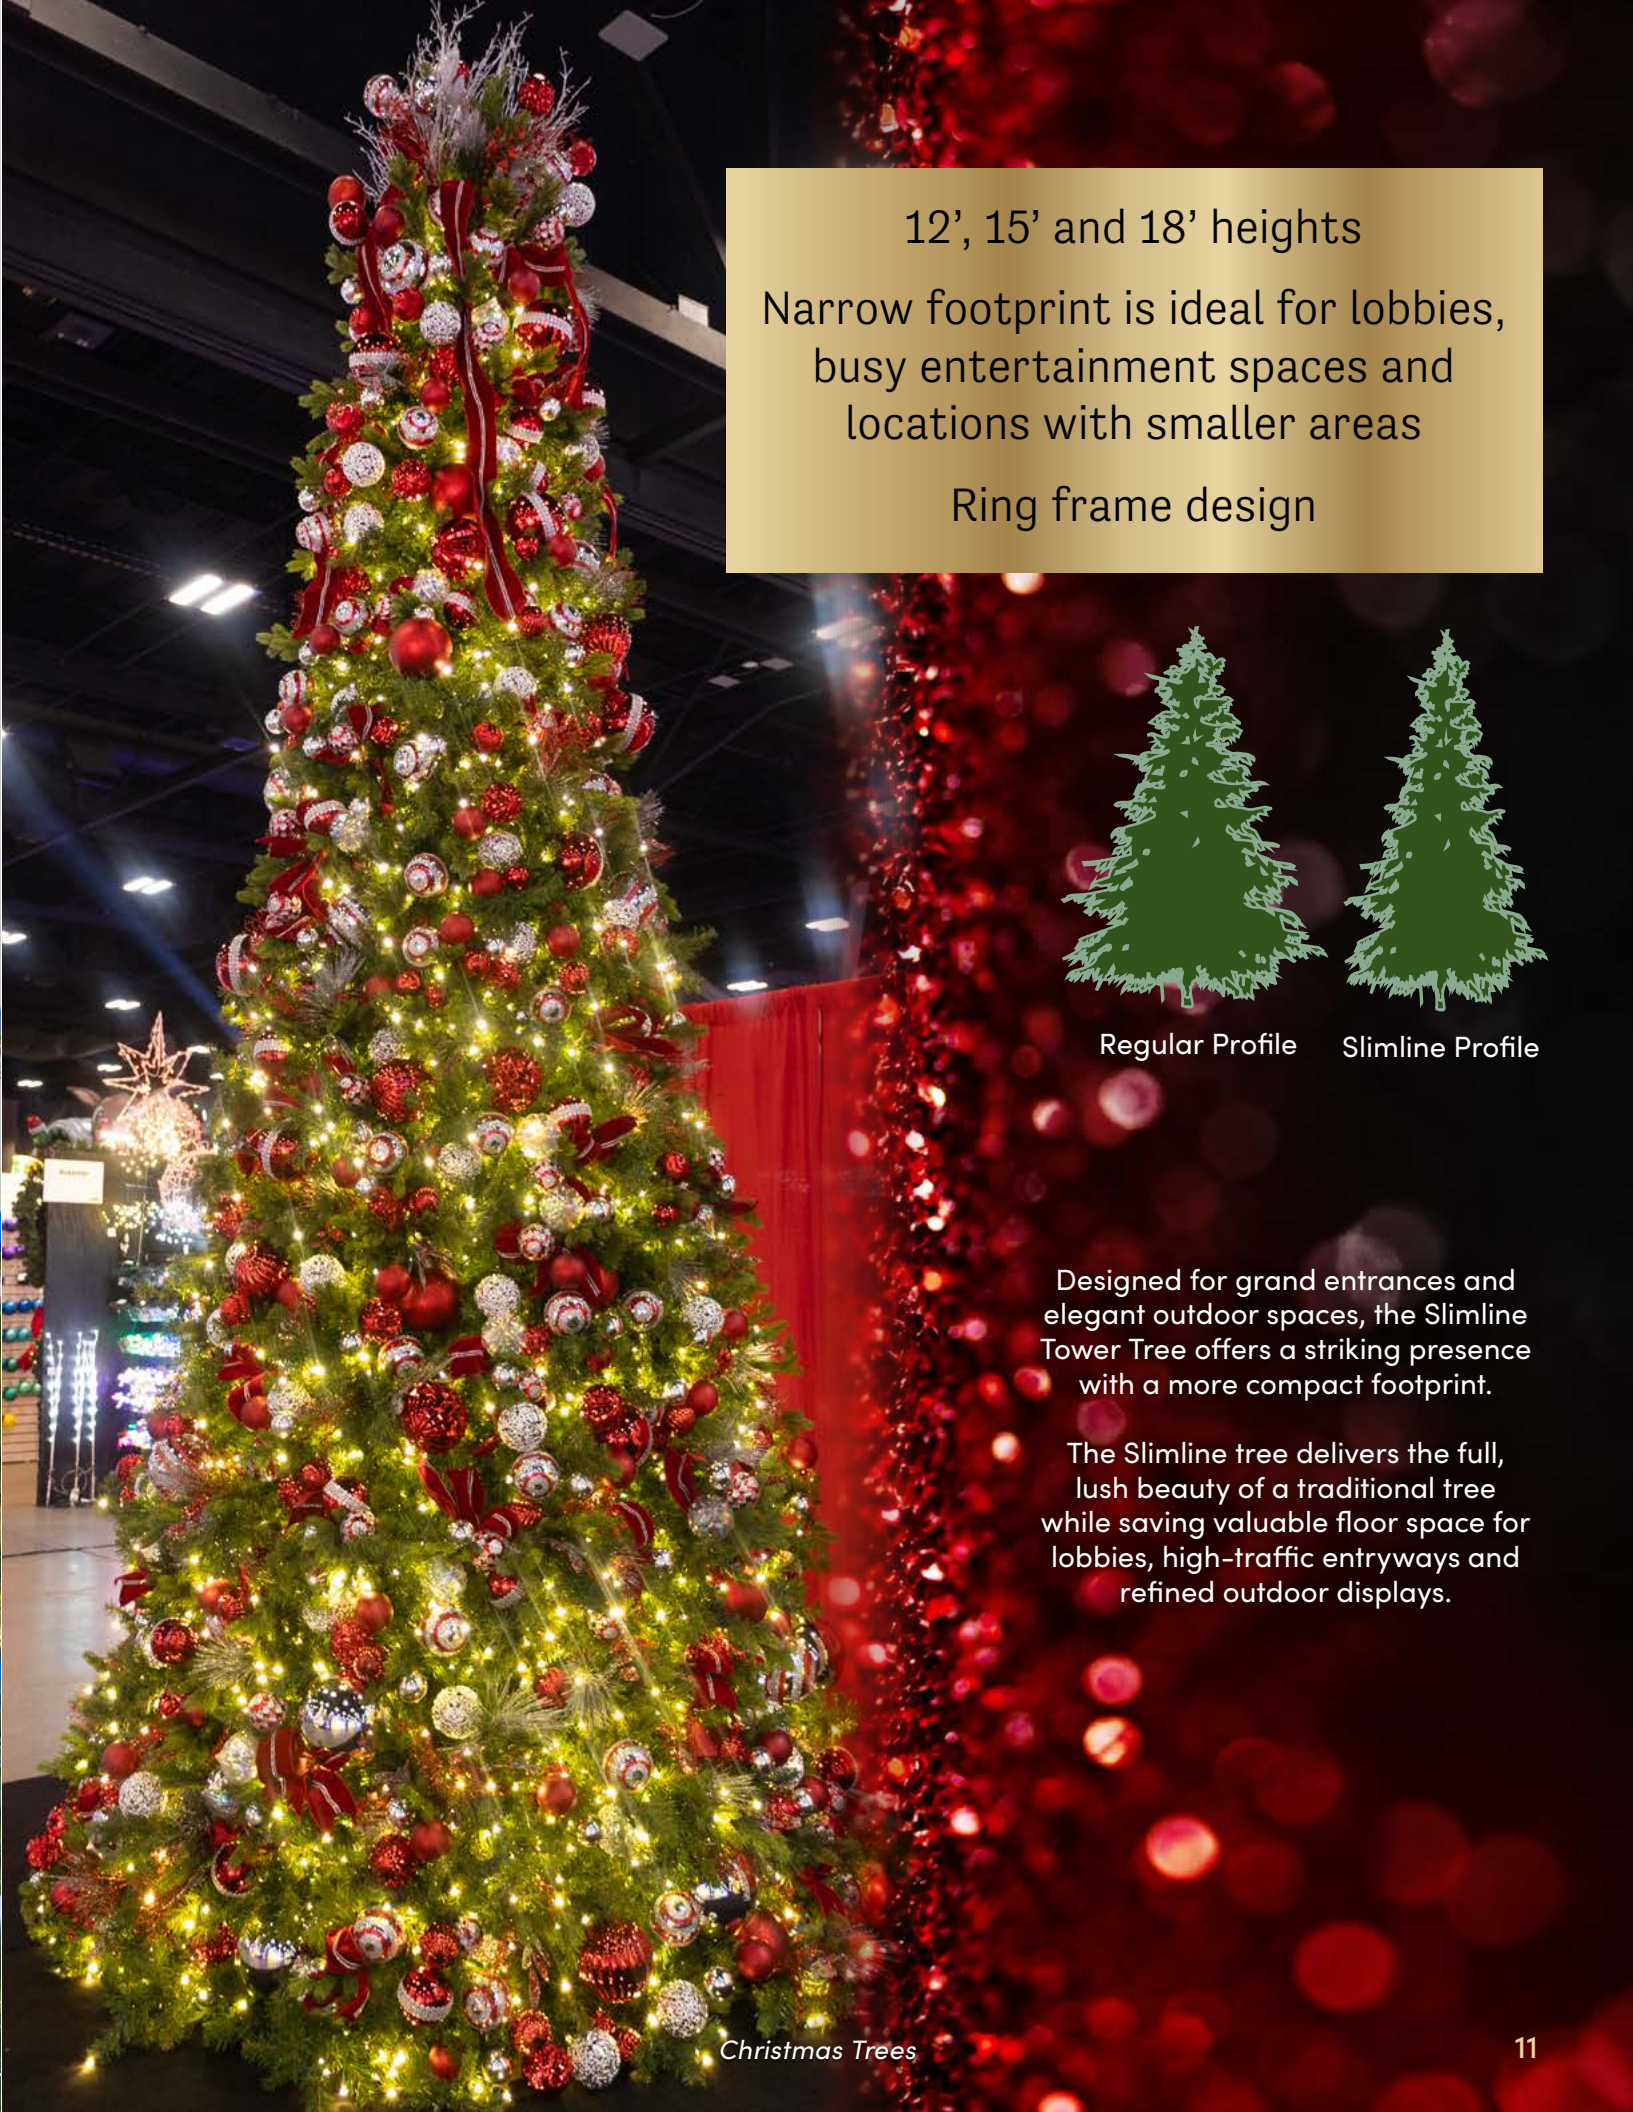

Christmas Trees

Slimline Tower Christmas Trees

HeartlandProGutters.com

12', 15' and 18' heights

Narrow footprint is ideal for lobbies, busy entertainment spaces and locations with smaller areas

Ring frame design

Regular Profile

Slimline Profile

Designed for grand entrances and elegant outdoor spaces, the Slimline Tower Tree offers a striking presence with a more compact footprint.

The Slimline tree delivers the full, lush beauty of a traditional tree while saving valuable floor space for lobbies, high-traffic entryways and refined outdoor displays.

- Coordinated designer themes: Create a consistent look across wreaths, garlands, sprays, urn fillers, and tree picks.
- Pre-lit and ready to install: Wreaths, garlands, and sprays include commercial-grade warm white 5mm conical LED lights.
- Commercial-quality construction: Built with full artificial foliage, durable accents, shatter-resistant ornaments, and sturdy bow ribbon.
- Designed to save time: Pre-decorated pieces reduce install time while helping each space feel polished and complete.
- Premium seasonal investment: A smart choice for homes, businesses, hospitality spaces, churches, HOAs, and commercial environments that want a high-end look year after year.

Pre-Lit & Pre-Decorated

Wreaths
Garlands

Urn Fillers

For indoor or covered outdoor use

Classic Holiday

A regal styling of classic Christmas colors and elegant finishes

Champagne Shimmer

Muted metal tones meet sparkling, sophisticated foliage

Red Splendor

This statement-style theme features opulent red and silver details

Royal Jewel

Brilliant jewel tones and iridescence in a playful motif

Sapphire Sky

Rich blue textures with cool silver elements

Classic Holiday

Champagne Shimmer

Red Splendor

Royal Jewel

Undecorated Commercial Greenery

Professional-grade wreaths, garlands, and sprays ready for custom holiday designs.

Start with high-quality foliage and build the look your project requires. Our undecorated commercial greenery gives installers, decorators, businesses, municipalities, and organizations a durable foundation for custom holiday displays. Use it as-is for a clean traditional look, or add bows, ornaments, ribbon, picks, sprays, and specialty lighting to match your property, brand, or event theme.

Built for professional displays

Commercial-grade artificial foliage provides fullness, durability, and a polished appearance for seasonal use.

Ready for customization

Create your own look with ornaments, bows, sprays, ribbon, or branded color palettes.

Ideal for large-scale projects

Use across entrances, rooflines, fences, railings, columns, lobbies, parks, schools, churches, hotels, HOAs, and shopping centers.

Pre-lit options available

Select greenery styles are available with commercial-grade UL listed LED Pro Christmas lights for a bright, reliable seasonal glow.

Wreaths: 24" • 30" • 36" • 48" • 60" • 72" • 84" • 96" • 120" • 144"

Garland: 9' long x 14" wide; 9' x 18"; 4.5' x 14"

Sprays: 44" long

Oregon Fir

A more realistic fir-inspired look with lifelike foliage texture and an upscale finish.

Mixed Pine

A full, traditional greenery style with a natural mix of pine textures and classic holiday appeal.

Classic Commercial Greenery

Pre-decorated in traditional color themes or custom packages

Made-to-order for a polished finish

Pre-decorated greenery helps simplify planning and reduce hands-on decorating time.

Traditional designs with broad appeal

Classic color combinations work well for public spaces, commercial properties, and residential clients.

Commercial-quality materials

Built with sturdy foliage, shatterproof ornaments, durable accents, and commercial-grade bow ribbon.

Easy to coordinate across spaces

Use wreaths, garlands, and sprays together to create a consistent look from entrances to interior focal points.

Installation Video: C9
Roofline Lighting

Designed to suit the dynamic needs of holiday light installers, light cord can be customized with your choice of bulb colors, socket spacing and line length. Empty socket light line is a decorator's dream because every display has unique needs. Whether you're outlining a large building, a neighborhood entrance or residence, light cord lets you highlight the edges and best features of your architecture.

Lite-Netics Magnetic Light Line

With magnetic light line by Lite-Netics, installation time is cut by nearly 85%. Perfect for ferrous metal applications such as metal fences, gutters and rooflines, Lite-Netics line features sturdy magnets on the base of each socket. Simply stick the light line to your metal surface, with no clipping, zip-tying or special tools needed.
